

Sports Boosters Meeting
2-8-2010

1. Track Invite: Becky VonSeggern-hospitality room
Patti Hoegermeyer and Karma Dam-concession stand
Need to look into getting new starting blocks, could maybe use more pole vault poles. Mr. Dolliver will check out prices or about borrowing for districts if needed.
2. The wrestling banner is done and is being used. We will get a simple design to be used for the championship banners to be hung in gym. This summer, records boards will be moved into the hallway and district plaques will be moved to above lockers.
3. Lou's is looking into finding a replica jersey like Jordan Larson wore while playing at LV. We will continue to collect memorabilia and maybe wait to honor her once she is an Olympian. If she decides not to become one, then we will honor her at that time.
4. Trish Myers and Patty Popken are in charge of the athletic banquet. Mr. Dolliver will ask Gary Beard to MC the evening.
5. Jo Wacker will take care of anything that golf might need.
6. Dwight Dam, Dave Dahl and Scott Anderson will head up the 3-on-3 tournament. It will be held on Saturday, July 3rd around 9 a.m. at LV.
7. Mr. Molzahn is looking for a DVD burner that can go from a flash drive to making a DVD in only one or two steps as opposed to having to go through the computer and then through the DVD burner. Once they find one they will get it.
8. Scott Anderson brought a button machine, and it was decided we will purchase one like it. The cost should be around \$400 but may be more if we order more button pieces (it comes with 250 pieces for making buttons).
9. Mr. Dolliver will take down hall of fame this summer and will meet with coaches and administration to determine the criteria for getting on hall of fame. Then he will need our help in locating the individuals who qualify and finding a picture of them.
10. Roni Wobken requested a \$300 donation towards a new pitching machine. LV ball association, SS ball association and SS sports boosters have all put \$300 each in to help pay the \$1200 needed. It was moved to donate \$300 for the pitching machine.
11. Mr. Dolliver will be working on updating our trophy cases. He will offer some older trophies for sale.
12. Fan appreciation nights will have some guidelines. Limit of \$50.00 that boosters are going to supply but the volunteers can feel free to collect donations for events. Thanking our fans without having to outdo the previous years. We will create a "Fan appreciation night ideas list". We will do all fan nights on senior night. Most likely crowds will be good. Fan appreciation nights.....\$300 for the year: Football, Softball, Volleyball, Girls and Boys Basketball and Wrestling.
13. The football/track scoreboard. Members talked about selling advertisements to go on the back of the stadium or somewhere by the field to help raise money to pay for the scoreboard. Mr. Carlson will get a letter together to get alumni to come to the game for a fundraiser Labor Day supper before the football game. We will try to get Mr. Sheehan to come back also.
14. Financials and the checking account balance were reviewed and found to be in good order. However, we need people to write on the deposit sheet what the deposit money was from so Dwight Dam can tell how much profit we are making on our projects and what the money is from. Also would be helpful if you save your City Meat Market receipt of what you charged to give to Dwight.
15. We will host C-2-2 girls and boys basketball districts. Contact Mr. Dolliver if you want to help out somewhere.
